# Wisconsin's Saved By the Belt, Child Restraint, Bike Helmet, Motorcycle Helmet Clubs

## I'M ALIVE!

Did you survive a crash or avoid serious injury because you were wearing a seatbelt or bike/motorcycle helmet or using a child restraint? Are you proof that these safety devices work? If so, we want you to join one of our clubs:

### Saved By The

★ seatbelt    ★ child restraint    ★ bike helmet    ★ motorcycle helmet

### Club

These clubs are composed of citizens like yourself, who have survived automobile crashes because they wore a seatbelt, bike helmet, motorcycle helmet or used a child restraint. The clubs are sponsored by the Wisconsin Department of Transportation, Bureau of Transportation Safety. We believe that the best argument for the use of these devices is you.

People do not want to hear statistics and numbers. They want to see tangible evidence that will convince them that seatbelts, child restraints and helmets work. This is why you are important to us...you are proof that these safety devices save lives.

As a member of one of these clubs, your story may be told to people throughout the state. This could convince others to make it a habit to ride safely.
